

Beer

Justin Moore

I've drank 'em out of a bottle
I've drank 'em from a can
Drank my first one when I was sixteen
Just to prove I was a man
Yeah I still drink 'em now
And I'll drink 'em when I'm old
I've had to drink 'em hot but I like 'em better cold Beer is great
Beer is good
It tastes just as good in the city
As it does in the woods
It can take you back to the good ol' days
Make you laugh, make you sing
Make all of your worries disappear
Beer
It's helped me through some hard times
It's helped me celebrate
It's emptied out my billfold
Hell it's kept me out late
I've done a lot of stupid things when I've had a few
But if I'da never had a couple that night I'da never talked to you yeah Beer is great
Beer is good
It tastes just as good in the city
As it does in the woods
It can take you back to the good ol' days
Make you laugh, make you sing
Make all of your worries disappear
Beer
Man beer is great, I love it
Beer is good
Tastes just as good in the big ol' city
As it does in the backwoods
It can take you back to the good ol' days
Make you laugh, make you sing
Make all of your worries disappear
Beer I love beer
And I know y'all love it too
You wouldn't be here tonight and you wouldn't be listening to this album
But I'd like to remind you to please drink responsibly
While listening to this, don't spill it on your buddy
Or your honey, or whoever, that's a party foul
Matter of fact, I'm thirsty

Give me a beer
