

Someone I Used to Know (Riddler Extended Remix)

Zac Brown Band

[Verse 1]

Hometown hero at the bar
Burned out high life super star
You know

Kept a buzz to fill the hole
Loved the lights and stole the show[Pre-Chorus]

Someone I used to know
Would stay another round
Someone I used to know
Ran himself in the ground

[Chorus]

It's been a long time comin'
Couldn't keep on runnin'
Had to hit rock bottom to know

When you keep on losin'
With the path you're choosin'

And it's time to let go
Of someone that I used to know[Post-Chorus]

Know, know

Know, know

Someone that I used to know[Verse 2]

Rides the high that tears him down
Hates himself and loves the crowd
The king of fools a heavy crown
He didn't know he almost drowned

[Pre-Chorus]

Someone I used to know
Would stay another round
Someone I used to know
Ran himself in the ground[Chorus]

It's been a long time comin'
Couldn't keep on runnin'
Had to hit rock bottom to know

When you keep on losin'
With the path you're choosin'

And it's time to let go
Of someone that I used to know[Post-Chorus]

Know, know

Know, know[Chorus]

It's been a long time comin'

Couldn't keep on runnin'
Had to hit rock bottom to know
When you keep on losin'
With the path you're choosin'
And it's time to let go
Of someone that I used to
Someone that I used to
Know
Know
Know
OohKnow
Know
Know
Know
Know
Know
Know
Know
Know
