

M.I.A.

Omarion & Wale

My new lady says she leaving me
Ah fuck her I don't care
Plus I got another over there
She been wantin to be with me
Got her in her underwear
Gave her what she want, now she need me
I called more up, they're coming over soon
Lingerie all up in my room
I'mma make this toast to that one girl I love
I still smell her perfume Pour one up, no pour another
Pour one up, no pour another
Pour one up, no pour another
Numbin' up
Since you've been away, love's been MIA
Done looking for love, cause you took away her
Now I'm MIA
MIA, MIA on love, on love
M.I.A.
Done looking for love, cause you took away her love
Fuck her, I don't care.
My new lady says she leaving me
Ah fuck her I don't care
Told me that she loved me, yeah
I just give them the scenery, they won't ever compare To the one who's still got it
I call her up, but she won't answer
And she knows what I'm looking for
And she knows what I'm looking for
Pour one up, no pour another
Pour one up, no pour another
Pour one up, no pour me up some
Cuz I'm numbin' up Since you've been away, love's been MIA
M.I.A., M.I.A., M.I.A.
Done looking for love, cause you took away her
Now I'm MIA
MIA, MIA
on love, on love
M.I.A.
Done looking for love, cause you took away her love
I be a rolling stone, missus
Still tryna deal with ya
Loving too much will leave you blue, and I ain't pledge Sigma
I'm a real nigga Giving feelings just ain't me

The more attention you give em
The more options they seek
Talk is cheap, knew I should've kept the receipt
She said she loyal, but all bitches gonna talk in
the streets
That's how I play it, how I play it
All it is is game
As I hit another paper plane, I'm MIA
Since you've been away, love's been MIA
MIA, MIA, MIA
Done looking for love, cause you took away her
Now I'm MIA
MIA, MIA
on love, on love
M.I.A.
Done looking for love, cause you took away her love
Fuck her, I don't care.
