

Shadow

Sam Tsui

Bags all packed, make sure you remember everything.
No looking back no more, not for anything.
This is what you wanted, isn't it?
Clear it out just like you never been.
What's a goodbye good for?
Anyway,

There's nothing left of you to remind me,
But somehow you're still standing behind me.
I'm trying hard to forget you,
But my empty walls won't let me let you go.
When you took it all you forgot your shadow,
You say you wish me well without you,
But something about you tells me that you know oh~ ohohoh~

When you took it all you forgot,
Your shadow~ your shadow~
When you took it all you forgot your shadow
Your shadow~ your shadow~ ohoh ohohoh~

Hide all your photographs,
But I can feel you watch me,
How long does your memory last,
It's time I ought be
Moving on and getting over you,
I better looks like I'm not even trying to,
Here all alone, my past on the walls.

With nothing left of you to remind me~
So why are you still standing behind me~

I'm trying hard to forget you,
But my empty walls won't let me let you go,
When you took it all you forgot your shadow.
You say you wish me well without you,
But something about you tells me that you know oh~ ohohoh~

When you took it all you forgot,
Your shadow~ your shadow~
When you took it all you forgot your shadow
Your shadow~ your shadow~ ohoh ohohoh~~

It's always there, too close, too much,

The shape of something I can't touch,
I turn, and find the shadows grown~

Those empty eyes I begged to stay,
Are watching me from yesterday,
You can leave me,
Can you leave me alone~?

I'm trying hard to forget you,
But my empty walls won't let me let you go~ let me goooo~
You say you wish me well without you,
But something about you tells me that you know ohoh~

When you took it all you forgot,
Your shadow~ your shadow~
When you took it all you forgot your shadow~
Your shadow~ your shadow~ oh ohohohoh~

When you took it all you forgot,
Your shadow~ your shadow~
Bags all packed, make sure you remember everything.
