

# Check It Out

## Tavares

If you need a strong hand  
To guide you through the night  
If you want someone who understands  
Then things can't get uptight

If it means anything to you  
To know that I care for you  
Check it out (Check it out)  
Oh, check it out (Check it out)

I understand complications  
Can sometimes bring you down  
A different situation  
Doesn't always be around

And if it means anything to you  
To know that I care for you  
Check it out (Check it out)  
Baby, check it out (Check it out)

Oh...you know my love is here to stay  
And it will always be that way  
Look at me (Come on and look my way)  
Oh, look at me (My love is here to stay)

Oh...surely you must know  
My love will always grow  
Can't you see (Look into my eyes, girl)  
Mmm, can't you see (Look into my eyes, girl)  
Ooh, can't you see (Ain't a big surprise, girl)

There may not be a dreary day  
For you to suffer through {No, no, no, no}  
If you would let me lead the way  
I'd give the world to you

And if it means anything to you  
Hey  
Check it out (Check it out, check it out, girl)  
Baby, check it out (Check it out, check it out, girl)

Check out your mind (Check it out, check it out, girl)  
Check it out (Check it out, check it out, girl)

Look into my eyes, girl {Look into my eyes}  
Look into my eyes (Ain't a big surprise, girl)  
Check it out (Check it out, check it out, girl)  
Mmm, check it out (Check it out, check it out, girl)  
Check out your mind (Check it out, check it out, girl)  
Oh, check it out (Check it out, check it out, girl)

Look into my eyes, girl {Look into my eyes}  
Look into my eyes (Ain't a big surprise, girl)  
Check it out (Check it out, check it out, girl)  
Check it out (Check it out, check it out, girl)  
Check out your mind (Check it out, check it out, girl)
