

Live Without Love

Shouse & David Guetta

[Intro]

Ooh, ooh

Ooh, ooh

Ah, ah

Ah, ah

[Verse 1]

And if you're feeling like there's no one else

If you search around to find yourself

Say "I don't wanna live without love"

"I don't wanna live without love"

We're all reaching for a better day

When you're down, I wanna hear you say

"I don't wanna live without love"

"I don't wanna live without love"

[Drop]

[Verse 2]

You can feel safer on your own

But no one can dance alone

Even if it takes some time

You need to step outside

And if you're feeling like there's no one else

If you search around to find yourself

Say "I don't wanna live without love"

"I don't wanna live without love"

[Drop]

Ooh, ooh

Ooh, ooh

Ah, ah

Ah, ah

(Live without love)

[Verse 1]

And if you're feeling like there's no one else

If you search around to find yourself

Say "I don't wanna live without love"

"I don't wanna live without love"

We're all reaching for a better day

When you're down, I wanna hear you say

"I don't wanna live without love"

"I don't wanna live without love"

[Drop]
(Without love)
Ooh, ooh
Ooh, ooh
Ah, ah
Ah, ah
(Live without love)

[Outro]
You can feel safer on your own (Live without love)
But no one can dance alone (Live without love)
Even if it takes some time (Live without love)
You need to step outside (Live without love)
And if you're feeling like there's no one else (Live without love)
If you search around to find yourself (Live without love)
I don't wanna live without love
I don't wanna live without love
