

# Psycho

## Caroline's Spine

busy, busy, i'm so busy  
i've got no time for you  
sleazy, sleazy, you say i'm sleazy  
for all the shit i put you through  
angry, angry, now you're angry  
sick of all the games we play and  
sleepy, sleepy, i'm so sleepy  
tired of all the things you're sayin'  
i'm so sorry, excuse me for livin'  
i didn't know you were a psycho  
wasted, wasted, i get so wasted  
sometimes i can't get up the stairs  
stupid, stupid, you said i'm stupid  
for telling you not to be scared of me  
frightened, frightened, now you're frightened  
you thought we were "oh so close"  
while i'm dyin', dyin', i'm slowly dyin'  
'cause you won't leave me alone i'm so sorry, excuse me for livin'  
i didn't know you were a psycho  
salute me, greet me, so glad to meet me  
then you say i'm such a mess  
well, sue me, chew me, beebopaloo me  
thanks so much... now go get dressed  
preach me, teach me, so glad you reached me  
before you found me i was a waste  
you found me, bounce me, rolled all around me  
now you're gone and i got faced  
i'm so sorry, excuse me for livin'  
i didn't know you were a psycho 'cause i'm so sorry i didn't know  
'cause i'm so sorry for your fragile  
soul
