

My Name (feat. Eminem & Nate Dogg)

Xzibit

This ain't beef man
I don't know what the fuck to call it
But no beef
Whattup X? I float like big spirit in this bitch I'm ghostly
Rush me, 'cause you ain't gonna live to roast me
I'd have my motherfuckin' ass kicked by Moby
If I let some bitch in the can like 'Bis cop over me To do war, and try to bring my crew back
down
I'll never stoop, to that level, to do that now
I got a new cat, this time I'm pullin' two gats out
With bullets, I finally got somethin' to shoot at now
Let's see who got they city on lock
Let's see who got the better aim with the glock
Let's see who come out on top
Let's see who really want they name in the streets
Let's see who wanna die the same time as me and make ends meet Now was I, blessed with a
gift, or cursed with a curse?
I follow, hearse after hearse, with after
And I'll be damned if I let Billy dance Dupri
Or anybody swing an Axe at my family tree, so now I love it when you niggaz be talkin', sayin'
my name
Seems like your mouth is not connected to your brain
Two zero zero three, and shit, it ain't the same
Better have a strap my nigga, simple and plain
Put your nuts on the table, my nigga let's play the game
Hurt you so long, you be addicted to pain
I don't wanna hear what you meant, do not explain
Right before you lay in your coffin, hoe say my name
Why do you hate me? I came from nothin'
Blood sweat and tears, you did not create me
How can you doubt me? You don't know shit about me
There'd be no West coast without me
Cut with the bullshit, I struggle for survival
And now you tryin' to act like my rival? Watch what you say partner, it's a small earth
Don't play games with your life nigga, it's not worth
All the pain
(All the pain)
All the agony (All the agony)
All the horror
(All the horror)
All the tragedy
(All the tragedy)

Put your hands up people, it's time to fight now
 I beat holes in your chest, remain hostile
 Threaten my life? One day you'll understand
 They say that pride is the sign of a foolish man
 So who the fuck, you think you talkin' to? Live and direct in the flesh, I'm right in front of you
 I love it when you niggaz be talkin', sayin' my name
 Seems like your mouth is not connected to your brain
 Two zero zero three, and shit, it ain't the same
 Better have a strap my nigga, simple and plain
 Put your nuts on the table, my nigga let's play the game Hurt you so long, you be addicted to
 pain
 I don't wanna hear what you meant, do not explain
 Right before you lay in your coffin, hoe say my name
 I never really smashed on Jermaine's ass, Dre smashed him
 Nobody ganged up 'til he came back and jacked him
 I never really brought it to his ass, I tapped him
 I coulda been like Treach, boom-bapped and slapped him
 Purple, for mimickin' him with two rappin' Urkels I coulda snapped, took it past rap and hurt you
 But I didn't, I kept it on wax and served you
 I square dance 'cause I'm sick of rappin' circles
 Around these clowns, steady tryin' to call me out It's like I'm listenin' to motherfuckin' dogs
 meow
 You'd probably do better tryin' to come and stomp me out
 You don't want it with rap, this is what I'm all about, c'mon
 No gangsta you ain't either (Will)
 But I know that I spit ether
 (Not)
 I shoulda crossed your belly (Lose)
 Show you I'm not R. Kelly
 X, pass me the weed, I'ma put my ashes out on his ass
 For the last time man, "Watch your fuckin' mouth"
 I love it when you niggaz be talkin', sayin' my name
 Seems like your mouth is not connected to your brain
 Two zero zero three, and shit, it ain't the same
 Better have a strap my nigga, simple and plain
 Put your nuts on the table, my nigga let's play the game
 Hurt you so long, you be addicted to pain
 I don't wanna hear what you meant, do not explain
 Right before you lay in your coffin, hoe say my name
 For the last time man
 I'm through
