

# What's the Deal

## Supreme Beings of Leisure

I'm looking through new eyes again  
Another turn through a wrap around bend  
Another fiction about the end  
Another heel I have to mend What's the deal  
What's the deal  
What's the deal  
What's the deal  
Afraid that it hurts just to feel The headlights behind you are always too bright  
The road ain't the same and the bitterness bites  
Kiss of a stranger  
Another trance of circumstance  
Another girl a dime a dance  
Hidden danger  
What's the deal  
What's the deal  
What's the deal  
What's the deal  
Afraid that it hurts just to feel Lessons of the past get all confused  
All the stories that I've ever used  
Captor of my true desire  
Master of my inner choir  
I got to know - Won't you tell me What's the deal  
What's the deal  
What's the deal  
What's the deal  
Afraid that it hurts just to feel  
Afraid that it hurts just to feel  
A dream is true  
A dream is true romance Oh what's the deal  
Oh what's the deal  
Afraid that it hurts  
Just to feel...  
Afraid...  
Just to feel...  
Just to feel...  
Just to feel...
