Indestructible

Robyn

I'm going backwards through time at the speed of light I'm yours, you're mine, two satellites Not alone No, we're not aloneA freeze-frame of your eye in the strobelight Sweat dripping down from your brow, hold tight Don't let go Don't you let me goAnd I never was smart with love I let the bad ones in and the good ones go But I'm gonna love you like I've never been hurt before I'm gonna love you like I'm indestructible Your love is ultra magnetic and it's taking over This is hardcore And I'm indestructible Hands up in the air like we don't care We're shooting deep into space And the lasers split the dark Cut right through the darkIt's just us, we ignore the crowd dancing Fall to the floor Beats in my heart Put your hands on my heartAnd I never was smart with love I let the bad ones in and the good ones go But I'm gonna love you like I've never been hurt before I'm gonna love you like I'm indestructible Your love is ultra magnetic and it's taking over This is hardcore Ooh and I'm gonna love you like Like I've never been hurt before I'm gonna love you like I'm indestructible Your love is ultra magnetic and it's taking over This is hardcore And I'm indestructible And I never was smart with love I let the bad ones in and the good ones go But I'm gonna love you like I've never been hurt before I'm gonna love you like I'm indestructible Your love is ultra magnetic and it's taking over This is hardcore Ooh and I'm gonna love you like Like I've never been hurt before I'm gonna love you like I'm indestructible Your love is ultra magnetic and it's taking over This is hardcore

And I'm indestructible
