

# through the late night

Travis Scott

Hmm, nah, nah  
Mmm, nah, nah, nah  
Hmm, nah, nah  
Mmm, nah, nah, nah  
Hmm, nah, nah  
Mmm, nah, nah, nah  
Hmm, nah, nah  
Mmm, nah, nah, nah

And then we...Sleep through day, then we play all through the late night

Sleep through day, then we play all through the late night

Uh, uh, uh, uh, uh, uh, all through the late night

S'il vous plaît, don't you hate, all through the late night

All through the late night, all through the late night

All through the late night, all through the late night

All through the late night, all through the late night

All through the late night, all through the late night

Blimp's soarin', how the hell did I get in this space?

Four in the mornin', how did I get in this place?

Oh it don't matter, got smoke, drink, and I'm runnin' this space

Done contemplatin', I'ma take it in and groove in this piece

N, N-Dimethyltryptamine and Lysergic acid diethylamide

The vibes are effervescent, delicious, just how they should be

N, N-Dimethyltryptamine and Lysergic acid diethylamide

The vibes are effervescent, delicious, just how they should be

No sleep in my bed, no sleepin' in my bed

Yeah, we gon' play, gon' play, gon' play until the day

I said no sleep in my bed, no sleepin' in my bed

Yeah, we gon' play, gon' play

Then we'll sleep all through the day

And do it again

Sleep through day, then we play all through the late night

Sleep through day, then we play all through the late night

Uh, uh, uh, uh, uh, uh, all through the late night

S'il vous plaît, don't you hate, all through the late night

All through the late night, all through the late night

All through the late night, all through the late night

All through the late night, all through the late night

All through the late night, all through the late nightDay 'n' nite, I toss and turn

I keep stress in my mind, mind

I seek the peace, sometimes I can't restrain

To join a rage at night, come out and play, play

Balance, find your balance

God said it's my talent  
Sprinkle a little season on the salad  
Relieve my heart of malice, hit my palace  
Stroke my cactus, oh, don't wait  
Don't play)  
Play no games like the NBA  
Throwin' checks like the NBA  
You a ring, you a ring  
We shootin' shots like the NRA  
Ahh, she jammin' Travis and Kid Cudi  
The new Krayzie Bone and Slim Bun B  
Ah, shawty, on the scene, pull up on the scene  
Sip my tea, need no Hennessy  
Aw save all, take it right  
Aw take it all, never light  
Aw, had a ball, had a night  
Aw, after all, sleep goodSleep through day, then we play all through the late night  
Sleep through day, then we play all through the late night  
Uh, uh, uh, uh, uh, uh, all through the late night  
S'il vous plaît , don't you hate, all through the late night  
All through the late night, all through the late night  
All through the late night, all through the late night  
All through the late night, all through the late night  
All through the late night, all through the late night
