Don't Leave Me

Blackstreet

If you take your love away from me I'll go crazy

I'll go insaneYou've got your problems baby and I've got mine Lets just end it all by putting it together, yeah

When you say you love me It don't mean a thingIf you cared You'd be there Like you used to be, yeah

I'm searching for the words to make you realize

That I really, really want you to stay, Oh yeah

Tears of frustration I hold insideBut if you walk away you'll make this grown man cry

Don't leave

Don't leave me girl

Please stay with me tonight (nah baby, nah baby, nah baby)

Don't leave me girl

Please stay with me to

Forget my pride girl I'm begging you You're my heart

You're my soul you've got so much control

My love runs deeper than the ocean and sea

But if you sail away you'll take the center piece of me, don't, don't leave nono

No, no, no don't leave

Stay (come on and stay with me)

Stay (don't leave)Stay (oh, yeah, yeah)Stay right here with me forever (I love you)

Stay (yes I do)Stay (I need you)Stay (don't leave with out you)

Stay right here with me forever

If you take your love away from me

I'll go crazy, crazy, crazy insane

If you take your love away from me

I'll go crazy, I'll go insane

If you take your love away from me

I'll go crazy (crazy, crazy), I'll go insane

Stay (please stay with me)

Stay (forever)

Stay (forever)

Stay right here with me forever

(Baby don't take your love away, no, no, no, no)

Stay (stay with me)

Stay (cuz you know I love you)

Stay (you know I need you)

Stay right here with me forever

(Yes I do, oh, yeah, yeah, yeah)
