

There's Only One of You

Nathan Sykes

Some say our love was just made to burn
But i could write a book about how much it hurt
Its not our fault life got in the way
Now I'm just a stranger
I knew yesterday They say theres one chance you get
They say theres one life you live
But theres only one you
Don't want to think about it right now
I'll put this love in a bottle
And i'll go to the beach
Loose this pain and sorrow as it flows out to sea
And if its you, if its you, if its you
You'll come back to me
But for now i'll be right here with the memories
Just look at me now
I've got reasons to smile
Cos the birds gonna sing
And the rains gonna fall
And the sun will shine
Just look at me now i am free to fly
But theres only one of you
And your just what i like No i don't wanna loose my mind
My hearts in a suitcase waiting for another flight
No i don't wanna be in the gutter-gutter-gutter
Just laying there feeling all sorry for myself
They say theres one chance you get
They say theres one life you live
But theres only one you
Don't want to think about it right now I'll put this love in a bottle
And i'll go to the beach
Loose this pain and sorrow as it flows out to sea
And if its you, if its you, if its you
You'll come back to me
But for now i'll be right here with the memories
Just look at me now
I've got reasons to smile
Cos the birds gonna sing
And the rains gonna fall
And the sun will shine
Just look at me now i am free to fly
But theres only one of you
And your just what i like They say theres one chance you get

They say theres one life you live
They say theres one chance you get
They say theres one life you live
They say theres one chance you get
They say theres one life you live
They say theres one chance you get
They say theres one life you live
But theres only one you'll put this love in a bottle
And i'll go to the beach
Loose this pain and sorrow as it flows out to sea
And if its you, if its you, if its you
You'll come back to me
But for now i'll be right here with the memories
Just look at me now
I've got reasons to smile
Cos the birds gonna sing
And the rains gonna fall
And the sun will shine
Just look at me now i am free to fly
But theres only one of you
And your just what i like I said theres only one of you and your just what i like
I said theres only one of you and your just what i like
