

Life Is a Honeymoon (feat. Ziggy Marley)

Florida Georgia Line

Every time I look in your eyes
It's like you take me back to the islands
You got me mile high
'Cause you're my little pilot I'm smiling
No sand in the hour glass
We can let the hours pass,
Baby, cause you're timeless It's easy living right beside you
We got it, whatever we go through, baby Life is a honeymoon, we're gonna live it
Let love keep us lifting, my dear
Turn up a summer tune, we're gonna kick it
Get it sounding like Hendrix in here
Serve the cervesa 'cause we wanna sip it
Not missing a moment we're given
'Cause life is a honeymoon, we're gonna live it
Let love keep us lifting, my dear See, it's a Monday through Friday, 365 celebration
An every day-cation
Let my kiss be an open invitation
See where it can take us and get our hearts racin' I love flying way up there with you
You keep the air up in my parachute, baby Life is a honeymoon, we're gonna live it
Let love keep us lifting, my dear
Turn up a summer tune, let's have a party
Get it sounding like Marley in here Serve the cervesa 'cause we wanna sip it
Not missing a moment we're given
'Cause life is a honeymoon, we're gonna live it
Let love keep us lifting, my dear
She is my morning sun
And when the evening come
She's the moonlit sky
Yeah The truth is this is how we belong
Happy people do it one and one
Let your tear be gone No need to worry
This love is forever young
The queen of my desire
You're the my music from my song The wood in on my fire
You're my fire that's never gone
Who feels it knows
FGL how it goes Life is a honeymoon, we're gonna live it
Let love keep us lifting, my dear
Turn up a summer tune, we're gonna kick it
Get it sounding like Hendrix in here Serve the cervesa cause we wanna sip it
Not missing a moment we're given
'Cause life is a honeymoon, we're gonna live it

Let love keep us lifting, my dear
