

# M.I.A.

## Why Don't We

If I got a day off, then it's date night  
I've been saving this time, especially for you  
That's our song on the radio  
And I call when I'm tryna request it for you Usually, I don't give in so quick, what you done to me?

All of the sad in the time, misses you when you're next to me  
And I don't have to play it cool 'Cause I-I, I-I, I-I, I've been missin' on you  
I-I, I-I, no, I've been M-I-A on you  
I-I, I-I, I-I, I've been missin' on you  
I-I, I-I, and I'm not tryna play it cool If I got a day off, it's a date night  
I've been saving this time, especially for you  
And I picked a place we haven't been yet  
I just gotta request a table for two  
Usually, I don't give in so quick, what you done to me?

All of the sad in the time, misses you when you're next to me  
And I don't have to play it cool 'Cause I-I, I-I, I-I, I've been missin' on you  
I-I, I-I, no, I've been M-I-A on you  
I-I, I-I, I-I, I've been missin' on you  
I-I, I-I, and I'm not tryna play it cool Me and you, entourage, you're my crew  
Going for a while, coming back for a few  
Let me make, make it all up to you  
Gimme all your time, I can change your mood  
You was right, I was wrong, I'm a fool  
Now, I'm on my knees, baby, I'm in love with you  
Let me make, make it all up to you  
'Cause I be M-I-A on you  
You, you-you, you, I be M-I-A on you  
You, you-you, you, I be M-I-A on you  
You, you-you, you, I be M-I-A on you  
You, you-you, you And I don't have to play it cool 'Cause I-I, I-I, I-I, I've been missin' on you  
I-I, I-I, no, I've been M-I-A on you  
I-I, I-I, I-I, I've been missin' on you  
I-I, I-I, and I'm not tryna play it cool
