

Alligator Blood

Bring Me The Horizon

Let's play a game of Russian roulette
I'll load the gun, you place the bets
Tell me, who will make it out aliveLet's play a game of Russian roulette
I'll load the gun, you place the bets
Tell me, who will make it out aliveOver and over and over again, we play the same old game
Cards kept close to our chest, that's where your secrets kept
So wear your poker face, hands to the fool, hands to the thief
Fiction is bitter and you got a tasteMy alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead man's hand
My alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead man's handCut me up and wear my skin
Show me how to live
Tear me down, clean me up
Now spill my fucking guts
Just help me find a way
Just help me find a way
Just help me find a way
Just help me find a wayMy alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead man's hand
My alligator blood is starting to show
I know that you know that, I know that you know
Can't call a bluff with a dead man's hand
Put a gun to my head and, paint the walls with my brains
Put a gun to my head and, paint the walls
Put a gun to my head and, paint the walls with my brains
Put a gun to my head and, paint the wallsNow you know
Now you know
Now you knowNow you know you can go, you can give up trying
Should have just called it quits
Should have just called it quits
Leave before it's too late.Now you know you can go, you can give up trying
Should have just called it quits
Should have just called it quits
Leave before it's too late.Let's play a game of Russian roulette
I'll load the gun, you place the bet
Tell me who will make it out aliveLet's play a game of Russian roulette
I'll load the gun, you place the bet
Tell me who will make it out aliveYeah!(So put a gun to my head and paint the walls with my
fucking brain)Put a gun to my head and paint the walls with my brains

Put a gun to my head and paint the fucking walls
