

My Girl

Bandit Gang Marco

[Hook - Bandit Gang Marco]

You're the only girl for me
I would never lie to her
I would never lie to her
You're the only girl I need
I will spend my time with her
The only girl that I prefer
My girl [4x]

[Verse - Bandit Gang Marco]

She got me thinking that she could be my future
I ain't playing
I'm holding on to you
I never make a promise that I can't keep [Yes Indeed]
I'mma grab you by your hand
Look you in your eyes
Tell you that I love you
Baby, I ain't gone lie
Cause I love you and I'mma hold on to you

[Hook]

[Verse - Bandit Gang Marco]

I rock through some for ya'
Break a big nigga over
I even wrote a lil' song for you
Tell me what it take to show you that I love ya'
As we ride, ride down memory lane
Holding on your hand
Speaking through some things
I'm the type of nigga that don't really like to talk about it
But I talk
You the type of girl that just really like to fight about it
But I love you baby
But me and you fight
I go so crazy [x2]

[Hook]
