

# LIL BABY

DDG

Face down, lil' baby, you know how we gettin' down

My friends told me, "I know how you get around"

When you're with me, you're moanin' them different sounds

Listen, baby, I know that you hear it now

You, you wanna roll with me

Ride in the Rolls with me

Go to the tour with me

I call you over and we goin' at it

I'm takin' your soul with me

You keep on callin' and blowin' my phone

'Cause I got some woes with me

Lil' baby, need to listen

I ain't talkin' 'bout when Drake featured

Lil' baby, meanin' all my women

Wrestled up while we tussling

Got the back scratchers in the picture

Type of shit where we both cum

Like we bought tickets for admission

Lil' baby my addiction, yeah

Lil' baby, need to listen

I ain't talkin' 'bout when Drake featured

Lil' baby, meanin' all my women

Wrestled up while we tussling

Got the back scratchers in the picture

Type of shit where we both cum

Like we bought tickets for admission

Lil' baby my addiction, yeah

You caught my attention, now we picking up the slack

Bend down, look back

Go'n 'head, throw it back

Yeah, you be lookin' like a snack

Big moans when I crack

You open up, I attack

Make me wanna throw some racks, yeah

You get it slip, that's no issue, unknowingly

How I slide in it so smooth, uncontrollably

Already know when she showin' me what I be missin' emotionally

When I'm on tour, all these girls wanna go with me

Actin' out socially, vocally

Now all these blogs keep on posting me globally

Then she start yelling and cursing ferociously, huh

Lil' baby, need to listen

I ain't talkin' 'bout when Drake featured

Lil' baby, meanin' all my women  
Wrestled up while we tussling  
Got the back scratchers in the picture  
Type of shit where we both cum  
Like we bought tickets for admission  
Lil' baby my addiction, yeah  
Lil' baby, need to listen  
I ain't talkin' 'bout when Drake featured  
Lil' baby, meanin' all my women  
Wrestled up while we tussling  
Got the back scratchers in the picture  
Type of shit where we both cum  
Like we bought tickets for admission  
Lil' baby my addiction, yeah
