

Pistol Pete

STRFKR

[Verse 1]

Money was ours to burn
We were happy
We didn't care for sex at all
Time was a secret friend
We were younger then
We didn't care for drugs at all
Now that song has come again

[Instrumental]

Now that song has come again

[Instrumental]

[Verse 2]

Money was ours to burn
We were happy
We didn't care for sex at all
Time was a secret friend
We were younger then
We didn't care for drugs at all
Now that song has come again
