To Die For

[Kygo & St. Lundi](#)

[Verse 1]
Give me a minute to get out of my mind
To help me remember what the?feeling?was like
When we?were all alone, watchin' late night?TV, your hand in mine
Oh, what I wouldn't do to get back to you

[Chorus]
'Cause every time we touch, it cuts the deepest
But I don't wanna fall if it's not in love
Oh, you stop my heart, like you're in my blood
You were, you were
To die, to die for
All I ever needed
You're the kind of high that keeps me wantin' more
Oh, I can't let go, I'm forever yours
You were, you were
To die, to die for
[Break]
You were, you were
To die, to die for
You were, you were
To die, to die for

[Verse 2]
Trust me, there's so much more that I need to say (Hear me out, hmm)
Oh, I can't let another moment escape (So take me back, oh, oh)
To summer nights drinking wine, 'til we can't find our feet, you'd lean on me (Oh, oh)
Oh, what I wouldn't do to get back to you

[Chorus]
'Cause every time we touch, it cuts the deepest
But I don't wanna fall if it's not in love
Oh, you stop my heart, like you're in my blood
You are, you are
To die, to die for
All I ever needed
You're the kind of high that keeps me wantin' more
Oh, I can't let go, I'm forever yours
You were, you were
To die, to die for

[Break]
You were, you were

To die, to die for
Every time we touch
To die for
You were, you were
To die for
To die, to die for
All I ever needed
You're the kind of high that keeps me wantin' more
Oh, I can't let go, I'm forever yours
You were, you were
To die, to die for
[Outro]
All I ever needed
You're the kind of high that keeps me wantin' more
Oh, I can't let go, I'm forever yours
You are, you are
To die, to die for
