

Bring out the Devil

[SOFI](#)

OH!

I know all your tricks, just like the back of my hand
Little boy behind the curtain,
Coming up, coming up with the master plan
Sweet hypocrite, turning me right from wrong
I've seen it all before, we keep repeating and rewinding and we're singing the same song
Locked, locked, locked and loaded, and your words are the gun
Hold your breath, put your finger on the trigger
And it's one on one, one on one
Shoot me down, shoot me down, shoot me down, shoot me down
Put me out of my misery
Cause you bring out the devil, you bring out the devil inside of me
I said, you drop
Pull the trigger, stop, go
On and on and on and on
I sit back, let the smoke settle and I'm gone
Hypocrite, turning me right from wrong
I've seen it all before, we keep repeating and rewinding and we're singing the same song
Locked, locked, locked and loaded, and your words are the gun
Hold your breath, put your finger on the trigger
And it's one on one, one on one
Shoot me down, shoot me down, shoot me down, shoot me down
Put me out of my misery
Cause you bring out the devil, you bring out the devil inside of me
You bring out the devil inside of me, you bring out the devil inside of me
You bring out the devil inside of me, you bring out the devil inside of me
You bring out the devil inside of me, you bring out the devil inside of me
Locked, locked, locked and loaded, and your words are the gun
Hold your breath, put your finger on the trigger
And it's one on one, one on one
Shoot me down, shoot me down, shoot me down, shoot me down
Put me out of my misery
Cause you bring out the devil, you bring out the devil inside of me
You bring out the devil inside of me, you bring out the devil inside of me
Shoot me down, shoot me down, shoot me down, shoot me down
You bring out the devil inside of me, you bring out the devil inside of me.
