

# Yours

Ella Henderson

I wear your winter coat  
The one you love to wear  
So I keep feeling close  
To what's beyond compare The moments waking up  
You catch me in your eyes  
That beauty on my pillow  
That holds me in the night And I will find my strength to untape my mouth  
When I used to be afraid of the words  
But with you I've learned just to let it out  
Now my heart is ready to burst  
'Cause I, I feel like I'm ready for love  
And I wanna be your everything and more  
And I know every day I say it  
But I just want you to be sure  
That I am yours And if I've been feeling heavy  
You take me from the dark  
Your arms they keep me steady  
So nothing can fall apart And I will find my strength to untape my mouth  
When I used to be afraid of the words  
But with you I've learned just to let it out  
Now my heart is ready to burst  
As I, I feel like I'm ready for love  
And I wanna be your everything and more  
And I know every day I say it  
But I just want you to be sure  
That I am yours  
That I am yours
