

# Take It Out On Me

## Florida Georgia Line

[Chorus]

What'd he do this time?

Did he break your heart?

I can tell you've been crying, and baby, here you are

And I always know any time you show up at my door past eleven o'clock, that he really must've  
pissed you off

[Chorus]

Take it out on me

And put your lips on mine

Let me take his wrong and make it right this time

Yeah, you can just come over, you ain't gotta call

You always got a shoulder any time it all goes down

When you're 'bout to break, when you're mad as hell

You can always take it out on me

You can take it out on me, baby

If you ever wanna leave, maybe

In the middle of the night, well, that's alright

You can take, take

[Verse 2]

Take off your coat

Baby, come on in

Well, girl, let me help to get back at him

And I don't know why you never say goodbye

Whatever hell he's puttin' you through

I can't wait for you to

[Chorus]

Take it out on me

Put your lips on mine

Let me take his wrong and make it right this time

Yeah, you can just come over, you ain't gotta call

You always got a shoulder anytime it all goes down

When you're 'bout to break, when you're mad as hell

You can always take it out on me

[Bridge]

Yeah, I'll lay you down and love you just the way you should be

Baby, so now that you're ready

Take it out on me  
You can take it out on me, baby  
If you ever wanna leave, maybe  
In the middle of the night, that's alright  
You can take, take

[Chorus]

Take it out on me  
And put your lips on mine  
Let me take his wrong and make it right this time  
Yeah, you can just come over, you ain't gotta call  
You always got a shoulder any time it all goes down  
When you're 'bout to break, when you're mad as hell  
You can always take it out on me  
You can take it out on me, baby  
If you ever wanna leave, maybe  
In the middle of the night, well, that's alright  
You can take, take, take it out on me
