

Dance Tonight

Jon Langston

If you had a long day
You just wanna wind it down
Girl I'm on my way
We ain't gotta go downtown
If you wanna play your records
I know your favorite songs
Break out that old turntable
Turn it on If you wanna dance tonight
I ain't the best but baby I can try
Light some candles round the wrap around porch
Bare feet glidin' cross them hardwood floors
And hold you tight like [?]
Sippin' homemade, singin' Strawberry Wine
I ain't the best but baby I can try
If you wanna dance tonight
We can take it slow
I can spin you around
Girl you don't even know
How you shine when the moon comes out
You can land your kiss right there
Right where it wants to go
Girl you're the star
I'm here for the show If you wanna dance tonight
I ain't the best but baby I can try
Light some candles round the wrap around porch
Bare feet glidin' cross them hardwood floors
And hold you tight like [?]
Sippin' homemade, singin' Strawberry Wine
I ain't the best but baby I can try
If you wanna dance tonight
Oh come on baby
We can play that Petty, that [?]
Spin the dust right off that vinyl
We can take our time till the sun comes up If you wanna dance tonight
I ain't the best but baby I can try
Light some candles round the wrap around porch
Bare feet glidin' cross them hardwood floors
And hold you tight like [?]
Sippin' homemade, singin' Strawberry Wine
I ain't the best but baby I can try
If you wanna dance tonight, yeah
