

# Sour Grapes

## \$uicideBoy\$ & Travis Barker

[Verse 1: Oddy Nuff da \$now Leopard]  
Lasting longer than a prison sentence  
Oddy Nuff stay reinventing  
Reinvented demon presence  
Now my presence deemed offensive  
Pull up in front the entrance screaming  
"Someone grant my death wish!"  
I don't get this fucking life  
Bitches make my head itch  
Haven't slept a wink all fucking night  
Trying to win by losing twice  
I can't pick one soothing vice 'cause I'm a heathen hooked for life  
Refuse advice, choose suicide  
Grey\*59 is you and I  
We must stay unified  
We've always been the losing side  
[Verse 2: \$lick \$loth]  
Lucifer coming straight out of hell  
Slow down  
\$lickity \$loth that butterfly turning back to a moth  
Woah now  
Stay depressed, suicidal  
Homicidal and such  
So fuck off, and don't ask me about no fucking drugs  
Who else wouldn't try to numb up?  
Fuck rap, fuck money  
Fuck all your companies  
Take the strap, reload  
Now death is my company  
No more people who judging me  
Old fake ass industry  
Now peace is my company  
\$lick \$loth is six feet deep
