

Your Unfailing Love

Hillary Scott & The Scott Family

[Verse 1]

When I wake from my sleep
I know your angels have been watching over me
And I give thanks to You above
For Your unfailing love

[Verse 2]

And when I'm down, in my soul
And this whole world's out of control
The only thing that lifts me up
Is Your unfailing love

[Chorus]

When the storms of life run my ship aground
And all my dreams go down
Then there You are to lift me up
With Your unfailing love

When the storms of life run my ship aground
And all my dreams go down
Then there You are to lift me up
With Your unfailing love

[Outro]

And I give thanks to You above
For Your unfailing love
