

Illuminated

Hurts

Time waits for no one
So do you want to waste some time
Oh, oh tonight?
Don't be afraid of tomorrow
Just take my hand, I'll make it feel so much better tonight.
Suddenly my eyes are open
Everything comes to focus
We are all illuminated
Lights are shining on our faces, blinding.
Swing me these sorrows
And try delusion for a while.
It's such a beautiful lie.
You've got to lose inhibition -
Romance your ego for a while.
Come on, give it a try.
Suddenly my eyes are open
Everything comes to focus
We are all illuminated
Lights are shining on our faces, blinding.
We are, we are, blinded
We are, we are, blinded.
Suddenly my eyes are open
Everything comes to focus
We are all illuminated
Lights are shining on our faces, blinding.
We are, we are, blinded
We are, we are, blinded.
