## Cut Copy

When I am looking for you,  
I call your number  
but I can't get through. When I am looking for you,  
I call your number  
but I can't get through. When I am looking for you,  
I call your number  
but I can't get through. When I am looking for you,  
I call your number  
but I can't get through.  
There is a feeling in me  
and I don't know why.  
Is there a feeling in you  
that you can't deny? There is a feeling in me  
and I don't know why.  
Is there a feeling in you  
that you can't deny? There is a feeling in me  
and I don't know why.  
Is there a feeling in you  
that you can't deny? There is a feeling in me  
and I don't know why.  
Is there a feeling in you  
that you can't deny?  
There is a feeling in me  
and I don't know why.  
Is there a feeling in you  
that you can't deny?
