

# Dirty Paws

## Of Monsters and Men

Jumping up & down the floor  
My head is an animal  
& once there was an animal  
It had a son that mowed the lawn  
The son was an okay guy  
They had a pet dragonfly  
The dragonfly it ran away  
But it came back with a story to say  
Her dirty paws & furry coat  
She ran down the forest slopes  
The forest of talking trees  
They used to sing about the birds & the bees  
The bees had declared a war  
The sky wasn't big enough for them all  
The birds, they got help from below  
From dirty paws & the creatures of snow  
So for a while  
things were cold  
They were scared down in their holes  
The forest that once was green  
Was colored black by those killing machines  
But she & her furry friends  
Took down the queen bee & her men  
& that's how the story goes  
The story of the beast with those 4 dirty paws
