

Mockingbird

Wild Belle

[Verse 1]

Caution, he dangerous

Well, my sweet little honey got away

Stop him, the load is black

For my sweet little honey not to play

It's a mystery (Where did he go?)

He disappeared (Nobody knows)

Dead or alive, you can't take my baby away from me

[Chorus]

Mockingbird

Touching up on my door

You say go back, go back

Now I'm a one man show

Mockingbird

Touching up on my door

You say go back, go back

Now I'm a one man show

[Verse 2]

Yeah, I'm not a two-face meanie

I'm not a puppet, I'm not a clown

It's just a misdemeanor
They wanna throw 'em in the big house
Goin' to a place where I belong
Goin' to a place I call my home

[Chorus]

Mockingbird
Touching up on my door
You say go back, go back
Now I'm a one man show

Mockingbird
Touching up on my door
You say go back, go back
Now I'm a one man show

[Chorus]

Mockingbird
Touching up on my door
You say go back, go back
Now I'm a one man show

Mockingbird
Touching up on my door
You say go back, go back
Now I'm a one man show
