

Malibu

Trixie Mattel

[Verse 1]

Been around for a long time now, I guess
Came around for a one night thing?and?I never left
Got?a key to your old front?door, you can keep me in the bedside drawer
And when you want you can slide me out again

[Pre-Chorus]

Take your time, everybody says so
You'll be fine, when you learn to move slow
Oh, how did I lose it at the intro?
Take me, I wanna go

[Chorus]

Ah-ooh, ooh, Malibu
I wanna go
Ah-ooh, ooh, Malibu
I wanna go
To me and you in Malibu

[Verse 2]

Never been with a type like you before
Chilled out, top down, just what I've been looking for
Pullin' up, got your hair real neat
Came cruisin' from the coast to scoop me
And I've been counting down the days to jump at you

[Pre-Chorus]

Take your time, everybody says so
You'll be fine, when you learn to move slow
Oh, how did I lose it at the intro?
Take me, I wanna go

[Chorus]

Ah-ooh, ooh, Malibu
I wanna go
Ah-ooh, ooh, Malibu
I wanna go
Me and you in Malibu

[Bridge]

Take me to the ocean blue
I don't care, any beach will do with you, you, you
Singing every song we know
In your transistor radio like doo, doo, doo, doo

[Outro]
Ah-ooh, ooh, Malibu
I wanna go
Ah-ooh, ooh, Malibu
I wanna go
To me and you in Malibu
Malibu
I wanna go
To me and you in Malibu
Malibu
I wanna go
To me and you in Malibu
