

# I Melt

## Rascal Flatts

When you light those candles  
Up there on that mantle  
Setting the mood Well, I just lie there staring  
Silently preparing  
To love on you Well, I can feel the heat  
From across the room  
Ain't it wild what a little flame can make you wanna do I melt  
Every time you look at me that way It never fails  
Anytime, any place This burn in me is the coolest thing  
I've ever felt  
I melt Don't know how you do it  
I love the way I lose it  
Every time What's even better is  
Knowing that forever  
You're all mine The closer you get  
The more my body aches  
One little stare from you, is all it takes I melt  
Every time you look at me that way It never fails  
Anytime, any place This burn in me is the coolest thing  
I've ever felt I melt  
I melt (I melt)  
I melt every time you look at me that way It never fails (fails)  
Anytime, any place This burn in me is the coolest thing  
I've ever felt I melt (I melt)  
(I just melt) Every time you look at me that way  
(I just melt) I melt (I just melt) I melt
