

# The Kids Are Alright

Chloe x Halle

[Verse 1]

We don't really care about the trends you like to follow  
You know what they say, they here today and gone tomorrow

Oooh

Oooh

[Verse 2]

If I'm in the mood I get as ratchet as I wanna  
Turn around and show you, I could bless you with some culture

Oooh

Oooh

[Pre-Chorus]

Workin' ain't no nine to five  
California that's a vibe  
Friends, that's always down to ride  
You know, you know that's the life  
We just wanna have some fun  
It's some love for everyone  
Pass it 'round when you get done  
That's the move yeah that's the one

[Chorus]

We all, we all, we alright  
The kids are alright  
We all, we alright  
Yeah the kids are alright  
We all, we all, we alright  
The kids are alright  
We all, we alright  
Yeah, the kids are-

[Verse 3]

Everything is new cause we about that innovation  
Call it how we see it we a genius generation

Yeah the kids are-

[Outro]
