

La Cienega

88rising, Joji & NIKI

Empty bottles on the floor
Party's over, thank the Lord
Watching these four walls round me shrinking
It's so quiet, I can hear myself think
When? Glitz and glamour on cam
Singin' in La La Land
Accidentally made a name
Pawn on every chessboard
Used till they get bored
Smile when they yell checkmate
Lately I've been on my own
(Yeah on my own, yeah yeah)
I knew you having fun with me
(With me, with me, oh no)
When I'm nearby you'll know, like oh no
And when will I see you, yeah yeah
Like when will I see you
Can you hear me loud and clear
Glitz and glamour on cam
Singin' in La La Land
Accidentally made a name
Pawn on every chessboard
Used till they get bored
Smile when they yell checkmate
