

The Joker vs Pennywise

Epic Rap Battles of History

[Intro]

EPIC RAP BATTLES OF HISTORY!

THE JOKER!

VERSUS!

PENNYWISE!

BEGIN! [Verse 1: The Joker]

In my first appearance the bat was supposed to slay me
But I can't be killed that's why they cast a Phoenix to play me (Hee-hee)
I'm the Harlequin of Hate, the Clown prince of crime
You're a sewer troll that Stephen King wrote between his lines
(Ha-ha-ha-ha)

It's like cocaine, you know what I said
I don't know how any kind of joke could ever go over that head
They all float says the quote but your films, they all sink
Oh, and as far as Mr. King goes I'm a Shining man, wink! (Ha-ha-ha-ha)
I make the Justice League look like just a bunch of super schlubs
You lost to a herd of nerds who call themselves the Loser's Club
You'll be gobbled up in Gotham, so stick to your small town
Where you're renowned as the if it's brown, flush it down clown

[Verse 2: Pennywise]

Hiya, Jokie! You wanna rap?
Rap, rap, rap, rap, rap, rap
Oh, why so serious? You're supposed to be the man who laughs
But those jokes were like your new movie (Aha), mostly really sad Beep beep
You're John Doe in my deadlights, you're about to fall from a new height
'Cause you're weak and you've lost every fight to a knight who wears underwear over his tights
(Ha-ha-ha)

I haunt nightmares and I'm ruthless
This battle's like poker, the Joker is useless
Winning's not in your cards, call me Arkham Asylum, I'm crazy with bars
Jack Nicholson played you just fine but lately the casting's declined
Jared Leto came out trying to look like he was Tekashi 6ix9ine
So unless you've got a yummy younger brother, I think you'd better run
'Cause I've got 99 red balloons, bitch, and I dare you to take one

[Verse 3: The Joker]

Go back in your well, you giggling sewer ginger
You lost to a turtle that wasn't even a ninja
When I flow I go Mark Ham with ill zingers
I steal the show like Bob Kane stole from Bill Finger (Ha-ha-ha)
I spit acid, be wowed, every joke of mine stings
You're three night lights in a cloud beat by the kid from Stranger Things
When I compare your antics to the fiendish schemes I revel in

They pale like the moonlight you can dance with the devil in[Verse 4: Pennywise]
Pennywise likes the devil, we have so much fun together
But no one's dying to play with Joker except for maybe Heath Ledger!
Puddin', you're an embarrassment, I'll beat you like you beat Harley Quinn
That purple suit is something you should only see Steve Harvey in
Ah haha! I feast on your fears!
I'm the Derry, Maine attraction every twenty-seven years
But you know what? I have a secret (Shh) It's like a very special toy
If you wanna kill a Batman eat him when he's a boy[Verse 5: The Joker]
Don't you lay a finger on my Bat, you little freak
Or I will spend a whole week knocking out those prickly teeth (Hee-hee-hee)
Tell your author for his next gangbang scene
How about a little more PG and a lot less 13
Even I wouldn't stoop to that kind of impropriety
This is Earth you space demon, we live in a society (Ha-ha-ha)
I've seen your movies so I know you don't hurry
But I'll shoo you down the drain so fast they'll call you Tim Scurry
Ask Robin if I drop bars, I take smiles and I leave scars
Guards in Arkham will admit that the Joker just killed IT (Ha-ha-ha)[Verse 6: Pennywise]
Arkham? Ha! You stole that from H.P. Lovecraft
Who needs guards when you couldn't even escape Cesar Romero's mustache
You jester, I'm Montessor, 'bout to make you my Fortunado
And seal this battle up like it was the Cask of Amontillado (Woo)
I spit January ember flames (Woo)
You got beat by the Scooby Gang (Woo)
I'm the John Wayne of John Wayne Gacys, the underground Clown Posse, my flow's Insane
Poster boy for missing persons posters, Joker's gonna float with me
'Cause he just messed with the best wall-eyed rapper since the Notorious B.I.G. (Wu-ha-
ha)[Outro]
WHO WON?
WHO'S NEXT?
YOU DECIDE!
EPIC RAP-BA-RAP-BA-BATTLES OF HISTORY!
