

# Gimme Shelter

## Thunder

Paroles de la chanson Gimme Shelter :

Uhhhh, Uhhhh

Uhhhh, Uhhhh

Oh, a storm is threatning my every life today  
I fi don't get no shelter, oh yeah, I'm gonna fade away

Oh, children

It's just a shot away, it's just a shot away

Oh, children

It's just a shot away, it's just a shot away

See the fire is sweeping, our very street today  
Feel the burn like a red coal carpet, mad bull lost its way

Oh, children

It's just a shot away, it's just a shot away

Oh, children

It's just a shot away, it's just a shot away

Oh, it's just a shot away

Baby, yeah

Mmm, the floods is threatning, my very life today  
Gimme, now gimme shelter, ho Lord, I'm gonna fade away

Oh, children

It's just a shot away, it's just a shot away

Oh, children

It's just a shot away, it's just a shot away

I tell you, love, sister, it's just a kiss away

It's just a kiss away

I tell you, love, sister, it's just a kiss away

Kiss away, kiss away

Mmmm

Yeah, just a kiss away

Mmm, yeah a saturday

I tell you, love, sister, it's just a kiss away  
It's just a kiss away  
It's just a kiss away, kiss away, kiss away
