

# Oh Me Oh My (feat. Travis Scott, Migos & G4shi)

DJ Snake

Yeah, sure don't  
Sure don't Oh me, oh me, oh my  
I just shut the club down, I ain't even try  
See them rollin' with me, yeah they ride or die  
Test us and I guarantee we let it fly  
Oh me, oh me, oh my  
I just shut the club down, I ain't even try  
I always tell the truth, boy, I ain't gotta lie  
If you ain't fuckin' with us, don't come to our side  
Oh me, oh my, I know these niggas some small fries (oh my)  
Oh me, oh my, I serve a nigga like it's Five Guys  
Lil bitty bitch with the brown eyes  
She cook up the dope a million times (whip!)  
And it come back to me a trillion times (come on back)  
Birds singin' just like Ginuwine  
Independent, never signin' (independent!)  
Bitch I bought my own diamonds  
Bitch I did cases, nigga move in silence  
I met my plug on the island  
Young nigga hot in designer  
Feds watchin', they can't find me  
We make the birds take a shower  
Free my niggas in confinement  
These niggas lookin' like cowards  
Mama said don't fuck with you, boy you sour (mama!)  
The way that I play with the white  
You'd think that a nigga be cookin' with flour (white)  
Got a sniper in the tower  
Money bring more power  
I got a sniper in the tower  
He been up for 24 hours  
Oh me, oh me, oh my  
I just shut the club down, I ain't even try  
See them rollin' with me, yeah they ride or die  
Test us and I guarantee we let it fly  
Oh me, oh me, oh my  
I just shut the club down, I ain't even try  
I always tell the truth, boy, I ain't gotta lie  
If you ain't fuckin' with us, don't come to our side  
Come from the club around 3: 30  
I've been up in it, call James Worthy

I've been up, goin' up, way up  
Thinkin' about it all day, fuck  
How many more could fit in the ride?  
Hit me, I'll pull up on any side  
All of my niggas on 'em  
All of my bitches off 'em  
Open, open up, baby  
You know that I'm goin', goin', goin', goin' right now  
Hundred bottles, we get poppin' right now  
Smokin', don't you choke on dopest right now  
Yeah, yeah, yeah, yeah, yeah, yeah  
Oh me, oh my, oh me, don't try  
Won't you come home for a ride?  
We can do this for the night Oh me, oh me, oh my  
I just shut the club down, I ain't even try  
See them rollin' with me, yeah they ride or die  
Test us and I guarantee we let it fly  
Oh me, oh me, oh my  
I just shut the club down, I ain't even try  
I always tell the truth, boy, I ain't gotta lie  
If you ain't fuckin' with us, don't come to our side If you not fuckin' with us  
If you not fuckin' with us  
Then say you not fuckin' with us  
We don't wanna fuck with that fake shit  
We don't wanna fuck with that fake shit  
We don't wanna fuck with that fake shit  
If you not fuckin' with us  
Then young nigga don't even say that shit  
If you not fuckin' with us  
You know that we don't even play that shit  
Then you the one we can't trust  
You'll be the one we can't trust  
You'll be the one we can't trust  
If you not fuckin' with us Test us and I guarantee we let it fly  
Oh me, oh me, oh my  
I just shut the club down, I ain't even try  
I always tell the truth, boy, I ain't gotta lie  
If you ain't fuckin' with us, don't come to our side
