

Love Me Like You Do

Justin Bieber

[Chorus]

Love me like you do, love me like you do
Like you do, hold me tight and don't let go
What am I to do when you love me like you do?
Like you do, hold me tight and don't let go

[Verse 1]

Baby, baby, baby, teach me, teach me, teach me
Show me, show me, show me the way to your heart
Ooh, my baby, baby, I'm begging, lady, lady
Put me in the middle, that's where I'mma start, uh huh

[Pre-Chorus]

I like how your eyes complementing you hair
The way that them jeans fit is making me stare
Promise, I'll be here forever, I swear
Our bodies touching while you

[Chorus]

Love me like you do, love me like you do
Like you do, hold me tight and don't let go
What am I to do when you love me like you do?
Like you do, hold me tight and don't let go

[Verse 2]

Baby, baby, baby, will let me, let me, let me
Let me, let me, let me, be all you your desire
Pretty baby, baby, I'm begging lady, lady
Take me to the top now and I'll take you higher

[Pre-Chorus]

I like how your eyes complementing you hair
The way that them jeans fit is making me stare
Promise, I'll be here forever, I swear
Kissing on your neck while you

[Chorus]

Love me like you do, love me like you do
Like you do, hold me tight and don't let go
What am I to do when you love me like you do?

Like you do, hold me tight and don't let go

[Bridge]

Alright, okay

Right there, my way

Cause when you love me, I can feel it

When your heart beats, I can hear it

Be quiet, don't say a word

Don't say nothing, girl, I'm all yours

Love me like you do but let me go first

Listen to these words right here

[Verse 3]

Love me like you do, love me like it's new

Love me like you love me, like there's nothing left to lose

We'll hop up in the Benz, if you're tryna cruise

Hop up in them bed, baby, if you're trying to snooze

Louis V. shoes, look at me do it

Got a lot of secrets, baby, can you guess clues?

And if you had a choice I know what'd you choose

You'd choose me, right?

[Chorus]

Love me like you do, love me like you do

Like you do, hold me tight and don't let go

What am I to do when you love me like you do?

Like you do, hold me tight and don't let go
