Simple

[Chloe x Halle](#)

[Intro: Both speaking]
No I'm not calling out anybody it's just
People telling us, "Oh you know your stuff's too complex for the average ear to get it. Maybe you should just be simple."
Huh? That doesn't make any sense
So today we're writing this song called (together) simple
And it's gonna be (together) simple
Okay so let's start from the beginning...

[Verse 1: Halle]
X equals Y, nevermind
You're still at grade three, so would you excuse me?
[Chorus: Both]
Is this simple enough for you?
Is this simple enough for you?
Does your brain not know what to do?
Is this simple enough for you?
A B C 1 2 3
Pacify the baby
(oo oo)
Is this simple enough for you?
Is this simple enough for you?
(whoo oo oo oo oo)
Oh yeah oh yeah
Oh yeah oh yeah

[Verse 2: Chloe]
I'll be your teacher for the day
But we speak different languages
Je se va su quand not foo foo [?]
Je no comprend pour la boo boo
Boo boo boo boo

[Chorus: Both]
Is this simple enough for you?
(Is this simple enough for you? Yeah yeah)
Is this simple enough for you?
A B C , 1 2 3 (A B C , 1 2 3)
Pacify the baby
(oo oo)
(Pacify the baby)
Is this simple enough for you?
Is this simple enough for you?

[Bridge: Both]
I'm not gonna dumb down my mind for you
I'm not gonna dumb down my mind for you-you-you
So you understand I don't wanna be deluded
Ay no I'm not gonna dumb down my mind for you-you-you

I'm not gonna dumb down my mind for you
I'm not gonna dumb down my mind for you-you-you
So you understand I don't wanna be deluded
Ay no I'm not gonna dumb down my mind for you-you-you
