

Horizons

Surfaces

I saw the rhythm of horizons
I saw the rhythm of the days
Spin me 'round and now I'm in your ocean
See your face and now I'm outer space
(Oh you take me back) I saw the rhythm of horizons
(To a higher place) I saw the rhythm of the days
(Yeah you spin me 'round) Spin me 'round and now I'm in your ocean
(When I see your face) See your face and now I'm outer space
(Oh you take me back) I saw the rhythm of horizons
(To a higher place) I saw the rhythm of the days
(Yeah you spin me 'round) Spin me 'round and now I'm in your ocean
(When I see your face) See your face and now I'm outer space

Oh spin me 'round
Round and then never leave
Take me back
Place I could never see
Pull me up, pull me in
Let me live again
Get me through, keep me true
So it never ends
Let 'em say that
We won't find our way back
All we do is lay back
Waiting for our payback
But, I got faith that
We gon' see a brighter day
'Cause every little drop of rain
Gon' build into a tidal wave

(Oh you take me back) I saw the rhythm of horizons
(To a higher place) I saw the rhythm of the days
(Yeah you spin me 'round) Spin me 'round and now I'm in your ocean
(When I see your face) See your face and now I'm outer space
(Oh you take me back) I saw the rhythm of horizons
(To a higher place) I saw the rhythm of the days
(Yeah you spin me 'round) Spin me 'round and now I'm in your ocean
(When I see your face) See your face and now I'm outer space

You take me so high
Somewhere in the night
You take me so high

Somewhere in the night

I saw the rhythm of horizons

I saw the rhythm of the days

Spin me 'round and now I'm in your ocean

See your face and now I'm outer...
