

Trap or Cap

Young M.A

Let me take a swig of that Henny real quick
Too many cappin niggas man
Too many cappin bitches out here
Either you gettin money or you cappin
That's it Pushin Vs, hundreds in my jeans, that's a hundred Gs
Bougie bitch, says she wanna leave, well fuck it leave
You ain't got no car and you ain't got no keys
Now call that UBER to take you home and when you leave leave me alone
Don't hit my phone
Pour me up some Hennessy, roll up a bone, I'm tired of hoes
How the hell you broke but wearing designer clothes?
You Stupid hoe, I swear I'm through with those cause damn they do the most
That clouting shit, I don't care bout the shit, I don't care if you've known
Them cappin guys, always rappin lies but be a rat inside
Chasin cheese, I'm out here chasin green
You either trap or die
What's brackin five, we packin 30s, 40s, and we packin 9s
I'm packin mine, my pockets fat inside cause bitch I'm stackin mine
If you ain't comin out to make no money then nigga go back inside
Was sober for a minute, I drank that Henny and now I'm back alive
Yea I'm humble but I got different sides, so ay don't act surprised
Redlyfe gang, we wilin out
Rich nigga without havin clout
Either you trappin or you cappin
Pick a side
Either you trappin or you cappin
Ain't no switchin sides
Either you trappin or you cappin
Period Flip a check as soon as you get a check, make that money stretch
Spend a check, just to get a bitch, man that's a dummy flex
Goofy guys, we don't know them niggas, we like who dem guys
Cause where I'm from it's do or die, you do for me, I do for mine
Hoppin out the foreign with the Louie slides, movie time
Go against the gang, that's a suicide, don't do it slime
Never snitchin, if I do the crime, I'ma do the time
Never switchin, if you forever loyal I'll forever ride
Handle business, mind my business, fuck your business, not my business
I be where that money at, this not lean it's Cognac
Damn, I need that loud pack, where brodie at?
Man, I swear I act just like my zodiac (Aries shit)
Shout out my SG niggas, that's what my krodie jack
Can't say you loyal to me, you gotta show me that

I'm a hold me down, ya'll niggas can't hold me back
Redlyfe gang we wilin out, rich nigga without havin clout
Either you trappin or you cappin
Pick a side
Either you trappin or you cappin
Ain't no switchin sides
Either you trappin or you cappin
PeriodRich niggas out here man
Fake flexin
You either getting money or you tellin lies
Too many niggas out here cappin
Actin like they got it
Too many niggas out here actin like they got it
Spendin money, and they ain't even got it
