

# Hot Mama

Trace Adkins

[Verse 1]

You're doin' all you can, to get in them old jeans  
You want that body back, you had at seventeen  
Well, baby, don't get down, don't worry 'bout a thing  
'Cause the way you fill 'em out, hey, that's alright with me

[Pre-Chorus]

I don't want the girl you used to be  
An' if you ain't noticed, the kids are fast asleep, and you're...

[Chorus]

One hot mama  
You turn me on, let's turn it up, and turn this room into a sauna  
One hot mama  
Oh, what do you say, babe? You wanna?

[Verse 2]

Well, I know sometimes you think, that all you really are  
Is the woman with the kids, and the groceries in the car  
And you worry about your hips, and you worry about your age  
Meanwhile I'm tryin' to catch, the breath you take away

[Pre-Chorus]

Oh, an' believe me, you still do  
Baby, all I see, when I look at you, is...

[Chorus]

One hot mama  
You turn me on, let's turn it up, and turn this room into a sauna  
One hot mama  
Oh, what do you say, babe? You wanna?

[Bridge]

I can't imagine me lovin' someone else  
I'm a lucky man, I think Daddy's got himself

[Chorus]

One hot mama  
You turn me on, let's turn it up, and turn this room into a sauna  
One hot mama

Oh, what do you say, babe?  
Oh, now what do you say, babe? You wanna?

[Outro]  
You're one hot mama  
Let's turn this room into a sauna, yeah  
What do you say, babe?  
What do you say, babe?
