

Interlude: Holiday

Paramore

Now I can move on to facing,
Big girl problems,
No more high school drama,
Graduated with honors. And I'm drinkin' coffee while I,
Read the paper,
I've been savin' money, eatin',
Only top ramen. Oh, oh, oh, oh-oh. Now I get a holiday,
Wherever I go I might stay.
I don't plan on coming back,
Ever if I can help it.
Now I get a holiday,
I think I'll stay,
Holiday, think I'll stay.
Now I get a holiday.
