

Dirty Picture (feat. Ke\$ha)

Taio Cruz & Kesha

I could think of ways to see you
I could close my eyes to dream
I could fantasize about you
Tell the world what I believe But whenever I'm not with you
It's so hard for me to see
I need to see a picture of you
A special picture just for me, yeah So take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Send a dirty picture to me
Send a dirty picture
Send a dirty picture to me
Send a dirty picture

Uh. Whenever you are gone, I just wanna be wit ya
Please don't get me wrong, I just wanna see a picture Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture Whenever you are gone, I just wanna be wit ya
Please don't get me wrong, I just wanna see your picture Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
I could dream of ways to see you
I could close my eyes to dream
Fantasize about this with you
But the way is never seen Take a dirty picture for me
Take a dirty picture
Take a dirty picture for me
Take a dirty picture
Just send a dirty picture to me
Send a dirty picture
Send a dirty picture to me
Send a dirty picture Snap.

Please don't get me wrong, I just wanna see your picture Take a dirty picture for me

Will ya play along if I take a dirty picture I'll take a dirty picture for ya
