

# Next to You

Jordin Sparks

Two 'o clock and I wish that I was sleeping  
You're in my head like a song on the radio  
All I know is that I got to get next to you  
Yeah I got to get next to you  
Sitting here turning minutes into hours  
To find the nerve just to call you on the telephone  
You don't know that I got to get next to you Maybe we're friends  
Maybe we're more  
Maybe it's just my imagination  
But I see you stare just a little too long  
And it makes me start to wonder  
So baby call me crazy  
But I think you feel it too  
Maybe I, Maybe I  
Just got to get next to you  
I asked around and I heard that you were talking  
Told my girl that you thought I was out of your league  
What a fool, I got to get next to you, whoa  
Yeah it's five in the morning and I can't go to sleep  
'Cause I wish, yeah I wish that you knew what you mean to me  
Baby let's get together and end this mystery, oh Maybe were friends  
Maybe were more  
Maybe it's just my imagination  
But I see you stare just a little too long  
And it makes me start to wonder  
So baby call me crazy  
But I think you feel it too  
Maybe I, Maybe I  
Just got to get next to you Whatcha got to say? Whatcha got to do?  
How ya get the one you want to want to get next to you?  
Whatcha got to say? Whatcha got to do?  
How ya get the one you want to want to get next to you? Whatcha got to say? Whatcha got to  
do?  
How ya get the one you want to want to get next to you? Whatcha got to say? Whatcha got to  
do?  
How ya get the one you want to want to get next to you?  
Yeah, yeah, to want to get next to you Maybe were friends  
Maybe were more  
Maybe it's just my imagination  
But I see you stare just a little too long  
And it makes me start to wonder  
So baby call me crazy

But I think you feel it too  
Baby call me crazy  
But I know you feel it too  
Maybe I, Maybe I  
Just got to get next to you  
Yeah, yeah, yeah  
I got to get next to you
