

Lean Into It

Little Big Town

[Verse 1]

These days are filled with trouble
And the nights feel like they're all getting longer
These days are dark and grey
Like that storm rolling in across the water

[Chorus]

There's a strong wind blowing
I push on it pushes back
It's a hard time
But I know I'll get through it
Just got to lean into it

[Verse 2]

This isn't where I thought I'd be
If I could I'd stop it now and I'd rewind it
But this isn't where I'm going to fall
If there's a way to fight
I know I'm going to find it

[Chorus]

[Break]

I keep going even though

Chorus]
