

Brand New Year

[Eric Carmen](#)

It's been a long, hard year
Sometimes we felt that we might not make it
But Baby we're still here
We showed the world that our love could take it
We'll never let them break us down
As long as we still believe Happy New Year's Eve
Drink a toast to all the ghosts we leave behind us
Here's a fresh new start, full of promise
That's what brought us here
It's a brand new year The world can be so cold
It breaks our hearts in a thousand ways
But, Baby, we won't fold
We'll stand our ground for another day
We'll never let them break us down
As long as we still believe
Happy New Year's Eve
Drink a toast to all the ghosts we leave behind us
Here's a fresh new start, full of promise
That's what brought us here
It's a brand new year You're the one that I want
For all my life
Stroke of midnight
Here's a kiss
For Auld Lang Syne Happy New Year's Eve
Drink a toast to all the ghosts we leave behind us
It's a fresh new start
Full of promise
That's what brought us here
It's a brand new year
It's a brand new year
A brand new year
It's a brand new year
