

# Thing For You

David Guetta & Martin Solveig

[Verse 1: Sasha Sloan]

I always stay when the night is done  
You got that kinda thing I should run from  
But that's the reason why it's so fun  
I always come back

[Pre-Chorus: Sasha Sloan]

Sending all the wrong signals to my brain (Oh)  
Sending all the right feeling through my veins  
I should go, but I never walk away  
Always make the same mistakes  
No, I never change

[Chorus: Sasha Sloan]

I got a thing for you  
I've got a thing for the things that I shouldn't do  
And when I'm next to you  
I get those fucked up feelings  
I do, 'cause I got a thing for you  
I've got a thing for the things that I shouldn't do  
And when I'm next to you  
I get those fucked up feelings  
I do, 'cause I got a—

[Post-Chorus: Sasha Sloan]

Thing for you  
Thing for you

[Verse 2: Sasha Sloan]

Couple of things that I'm tryna fix  
But I think I like all my dirty habits  
Maybe I'm a little too used to it  
'Cause I always come back

[Pre-Chorus: Sasha Sloan]

Sending all the wrong signals to my brain (Oh)  
Sending all the right feeling through my veins  
I should go, but I never walk away  
Always make the same mistakes

No, I never change

[Chorus: Sasha Sloan]

I got a thing for you  
I've got a thing for the things that I shouldn't do  
And when I'm next to you  
I get those fucked up feelings  
I do, 'cause I got a thing for you  
I've got a thing for the things that I shouldn't do  
And when I'm next to you  
I get those fucked up feelings  
I do, 'cause I got a–

[Post-Chorus: Sasha Sloan]

Thing for you  
Thing for you  
Thing for you  
Thing for you
