

# ROYL

## Chloe x Halle

Won't you live tonight? (For the rest of your life)  
Could be paradise (Never know 'til you try)  
Running out of time (Baby, get up and try)  
Won't you live tonight?

Won't you live tonight? (For the rest of your life)  
Could be paradise (Never know 'til you try)  
Running out of time (Baby, get up and try)  
Won't you live tonight?

Hey, hey, won't you come on my wave (For the rest of your life)  
Hey, hey, won't you come on my wave now (Never know 'til you try)  
Hey hey, won't you get on my thang?  
Won't you get on my wave? (Baby, get up and drive)  
Won't you get on my wave now?

You wanna fly but you don't  
You holdin' on your wings  
Look to the sky, why don't you  
Live for the finer things?  
You know, you know, you know that you fine like God  
You know, you know, you know how you whine like that  
I see it in your eyes, so why you hide like that?  
So, come on, come on, baby, let's get down like that

Won't you live tonight? (For the rest of your life)  
Could be paradise (Never know 'til you try)  
Running out of time (Baby, get up and try)  
Won't you live tonight?  
Won't you live tonight? (For the rest of your life)  
Could be paradise (Never know 'til you try)  
Running out of time (Baby, get up and try)  
Won't you live tonight?

Hey, hey, won't you come on my way  
Hey, hey, won't you come on my way now  
Hey hey, won't you get on my thang?  
Won't you get on my wave?  
Won't you get on my wave now?  
Oh, woah (For the rest of your life)  
Oh, woah (Never know 'til you try)  
Oh, woah (Baby, get up and try)

You ain't gotta let the world get to you

Why you lookin' in the mirror like that?  
Won't you turn around and shake a little somethin'  
You're the best you've ever had  
You know, you know, you know that you fine like God  
You know, you know, you know how you whine like that  
I see it in your eyes, so why you hide like that?  
So, come on, come on, baby, let's get down like that

Hey, hey, won't you come on my wave?  
Hey, hey, won't you come on my wave now?  
Hey, hey, won't you get on my thang?  
Won't you get on my wave?  
Won't you get on my wave now?
