

# If You Believe

Jim Brickman

I close my eyes  
And even when I'm sleeping  
I'm alright  
'Cause You were, in my life

Once upon a time  
I only imagined this  
And now You're mine  
Wished for you so hard  
Prayed that You'd find me;  
Maybe your here today  
Here to remind me:

If you believe that dreams come true  
There's One that's waiting there for you  
'Cause I believed when I saw You  
That when you want something enough  
That it can't escape Your love  
There is nothing in the world that cannot be...  
If you believe, oh oh...

Everybody said  
That I was a fool to think  
That we'd connect  
But I couldn't get my heart out of my head  
And they just didn't see;  
No, they just couldn't know  
The feeling that You get  
The places that You go...

If you believe that dreams come true  
There's One that's waiting there for you  
'Cause I believed when I saw You  
That when you want something enough  
Thren it can't escape Your love  
There is nothing in the world that cannot be...  
If you believe

Never wished for material things;  
Never needed wind in my wings

I never wished for anything but You...oh!

I can't explain it

Someone just told me

"Go where your heart is

You'll never be lonely."

If you believe that dreams come true

There's One that's waiting there for you

'Cause I believed when I saw You

That (when you believe) when You want Someone enough

Then they can't escape Your love

There is nothing in the world that cannot be

If you believe

Believe, believe, believe, ooh...
